OFFICIAL

KSC BULLETIN: Personal notices (carpools, for sale items, wanted items, etc.) will be accepted by mail only and will be published on a first-come, first-served basis. Mail to KSC BULLETIN. Handcarried personal notices WILL NOT be accepted. **If you do not wish to have your name printed with your personal notice, please write instructions on the KSC Form 7-121 to omit your name for printing.** KMI 1590.2 (as revised) prohibits the advertising of off-duty enterprises in the KSC Bulletin, including rentals. Only sellers' telephone numbers are acceptable for personally owned items for sale. All property advertised for sale in the KSC Bulletin must be owned by the person submitting the advertisement. The privilege to use the KSC Bulletin could be denied to any persons who misrepresent ownership or falsify names and signatures of owners. Please notify the Bulletin Office, 867-8159, if you have sold items previously submitted for advertisement. (FF-S2-A)

JUNE HEALTH EDUCATION AND WELLNESS PROGRAM—POISONOUS BITES, PLANTS AND STINGS: Living in Florida includes trips to the beach, picnics, fishing, camping trips and water, recreational, and sports activities of all kinds. It also means being aware of the hazards in nature and the environment. Florida's wildlife and vegetation can be both beautiful and dangerous. The number and variety of bugs is staggering. There are 67 species of mosquitoes, black widow and brown recluse spiders, 5 species of poisonous snakes, fire ants and stinging caterpillars, as well as alligators, dangerous marine life, poisonous trees, plants, and weeds. The best way to protect yourself and your family is knowledge. Be aware of the hazards, know how to avoid them when possible, and learn what to do if you are bitten, stung, contact or ingest a poisonous plant. June's packet will include information on animals, insects, marine life, and plants that can harm you, tips on prevention and first aid if you do become a victim. Packets will be available at all medical facilities in June or upon request to Carol Roth, BOC-005, 867-3414. (JJ-C)

RESEARCH SUBJECTS NEEDED FOR A STUDY ON COUNTERMEASURES FOR MOTION SICKNESS: Be a part of human research! This study will require four exposures to motion sickness lasting 15 minutes each, while using one of three medications or placebo. Subjects completing the four exposures may be eligible for monetary compensation. Call Dr. Woodard, Bionetics, 867-4187 for more information. (JJ-C)

STATE ROUTE 3, BARGE CANAL, BRIDGE REPAIR: The Florida Department of Transportation (FDOT) has advised that the lead abatement and repainting of the southbound lanes, including the painting of the northbound lanes, will require the closure of one lane which began May 29, 1998, for approximately a two-month period. To minimize the impact on KSC employees, the contractor will be working 24 hours a day and weekends. The work periods and closures may vary from day-to-day and week-to-week, so be alert to construction signs. All affected employees are requested to seek alternative routes of travel during this project. (FF-S1)

FLAGS AT HALF-STAFF: The flags of the United States flew at half staff at the Kennedy Space Center on Wednesday, June 3, 1998, in honor of former Senator Barry M. Goldwater, who died on May 29, 1998, and was buried on June 3, 1998. (FF-S1-B)

ORGANIZATION AND MAILCODE CHANGES: The Safety and Mission Assurance Directorate realignment is effective June 7, 1998. The following organization and mailcode changes have been made:

<u>New Mailcode</u>	<u>Old Mailcode</u>	<u>New Organization Name</u>
EY-B6	BY-B2/EY-B3/EY-B5	OPF & Pad Quality Branch
EY-B7	None	2nd/3rd Shift Shuttle Quality Branch
EY-B8	EY-B1/EY-B4	VAB & ARF Quality Branch (EC-D)

INTEGRATED FINANCIAL MANAGEMENT PROJECT (IFMP) NEWS: The Government Executive featured an article in their March 1998 issue about NASA's implementation of a new, commercial, off-the-shelf (COTS) software package for their Integrated Financial Management Project (IFMP) titled "The Financial System Scramble." The implementation of IFMP will in some way affect every civil service employee at KSC. The schedule in the magazine article has changed since it was published. Under the current schedule, the new system is to be operational at MSFC and DFRC on June 1, 1999; at GSFC and NASA HQ on October 1, 1999; at JSC, KSC and SSC on March 1, 2000; and at LaRC, LeRC, and ARC on June 1, 2000. The article is located on the web at URL: <http://www.governmentexecutive.com/features/0398tech1.htm>. Visit the IFMP link on the KSC Chief Financial Officer's (CFO) homepage for additional information. This is the NASA Agency link which is updated periodically with new information. A KSC unique IFMP link is under development and a notice will be sent when it is available. (GG-B)

NOTICE OF MONITORING TO USERS OF NASA INFORMATION SYSTEMS: The General Accounting Office (GAO), with the assistance of the National Security Agency (NSA), has initiated a penetration study to test the security of NASA information systems. The purpose of this test is to attempt to access NASA systems and capture information from systems and individual workstations and to determine the security of our systems. Before conducting communications security testing, NSA requires that the Agency to be the subject of such testing provide notification to users of Government telecommunications systems that their use of these systems constitutes consent to monitoring. As a part of the GAO penetration test, NSA may monitor the keystrokes and data content of users of NASA information systems. Accordingly, for the duration of this test, users of NASA information systems should have no expectation of privacy with respect to keystrokes and data content. It is anticipated that the test should be for no longer than 6 months. This notice has been provided to all NASA civil servants and contractor personnel with access to NASA information systems. (AI)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (JJ-C)

KSC LIBRARY: The following specifications/standards are available in HQ, Room 1124, Library-D, or by calling 867-3613:
JSC-SL-E-0001 Revision D (Change 9), 5/13/98 "Space shuttle specification electromagnetic compatibility requirement"
JSC-SL-E-0002 Change 77, 4/10/98 "Space shuttle specification electromagnetic interference..."
JSC-SL-E-0002 Change 78, 5/6/98 "Space shuttle specification electromagnetic interference..."

The ASME Boiler and Pressure Vessel Code is now available as a stand alone CD-ROM in the Documents Department. (FF-S2-A)

KSC LIBRARY: The NASA-Wide Library catalog, NASA GALAXIE, is available to KSC civil service and contractor personnel via the World Wide Web. The URL is <http://nasagalaxie.larc.nasa.gov/>. Click on the drop down menu, choose KSC, then click on ENTER NASA GALAXIE. (FF-S2-A)

FLOWMOBILE: The Florida Licensing on Wheels will be located in the rear courtyard of KSC HQ Building on June 12, 1998, from 9:00 a.m. to 4:30 p.m. Services available include: renewal of Florida driver license, up to 18 months prior to expiration; replacement of lost or stolen cards; change of address or name; and issuance of photo identification. Charges are the same as at a driver license bureau. For additional information, call 867-3421. (FF-S2-D)

KSC RIDESHARING PROGRAM: The KSC Ridesharing Program assists you in joining existing car/van pools or forming new ones. Forms for the Ridesharing Program are available by calling 867-3420. The information provided on the forms will be fed into a computer which matches people by residential areas and compatibility of work hours. Each person responding will be sent a list of potential car or van poolers. The Brevard County Space Coast Area Transit provides the listings. (FF-S2-D)

FEDERAL EMPLOYEE WORK-RELATED INJURY: Federal employees are reminded that they are responsible for notifying their supervisors and seeking first aid from the KSC Occupational Health Facility for any injury which occurs on the job. For more information, contact Jeri Huneycutt at 867-4786. (HM-A-3)

SICK LEAVE AND FAMILY/FRIENDLY LEAVE - DOCTOR'S CERTIFICATE: Reminder to supervisors and employees: A doctor's certificate (SF-71), or an individual note signed by the physician, is normally required for sick leave absences of more than 3 days. Employees, supervisors, and timekeepers should be aware that time and attendance cards must be initialed in cases where a doctor's certificate is not required. (HM-A-3)

YEAR 2000 COMPUTING PROBLEM: For many computer and software systems, the year 2000 will bring problems related to software programs that record the year using only the last two digits. At the stroke of midnight on December 31, 1999, there is a very real chance many of the world's computers will assume the year just starting is 1900. Application software such as spreadsheets and databases which run on individual PCs should be checked to ensure they will process date information correctly. For information, call 861-2000. (FF-S2-A)

FORMS CONTROL: Before you begin creation of a new or existing form, either a KSC form or other Agency form, consult the KSC Forms Control Office. All forms used at KSC must be approved by Forms Control **BEFORE** they are used. According to KMI 1420.1D, "Forms designed and used at KSC, including those by contractors, in the conduct of Government business will be centrally controlled and maintained by the KSC Forms Management Office to promote consistent quality, economy, and efficiency" as well as reducing redundancy. Forms Control presently handles over 3100 forms used at this Center. Many have been computer generated using various software common to KSC. Some forms may be similar to what you need, even if you think your application is unique. Forms Control personnel are proficient in applying your data collection information into the proper format to meet the required specifications. Contact your Forms Administrator or contact Forms Control at 867-3590, HQ, Room 1537 (across from the Post Office). (FF-S2-A)
